

Table III. Mean values (M), standard deviation (SD) and standard error (SE) of the increase rates among two times (day 0 and day 11). M from time 0 to time 11 expresses the difference between the parameter recorded in the day 11 and in the day 0, divided by the level found at time 0.

		Raw donkey milk	Raw cow's milk
		From day 0 to day 11	
LAB	M	0.316	0.750
	SD	0.446	0.425
	SE	0.316	0.300
<i>Listeria monocytogenes</i>	M	0.717	0.260
	SD	0.029	0.274
	SE	0.021	0.194
<i>Staphylococcus aureus</i>	M	-0.120	-0.028
	SD	0.023	0.117
	SE	0.017	0.083
